TO OLLI

Lifelong learning is a way of life that contributes to the well-being of our members, our university and our community. The past 18 months have required patience and flexibility from all of us as we've adapted to new learning and delivery systems and navigated a host of challenges. The Osher Lifelong Learning Institute (OLLI) at the University of New Mexico is proud and excited to be celebrating its 14th year providing high quality educational experiences for adults age fifty plus. Please celebrate with us through a tax-deductible gift to OLLI at UNM.

You may give a one-time or monthly recurring gift. You may donate anonymously, if you wish, or you may make your gift as a tribute in honor or in memory of another person.
